Experience

React.JS Intern

Aug 2024 - Jan 2025
Direct Axis Technologies, Calicut

- Built reusable React components and ensured their scalability across multiple projects.
- Utilized Redux for efficient state management in dynamic applications.
- Integrated REST APIs to fetch and display data in real time, improving user interaction.
- Ensured cross-browser compatibility and responsiveness using CSS3 and Bootstrap.

Educational Background

MCA

Jun 2019 - May 2022
University of Calicut
CGPA : 7.32

BCA

Jun 2016 - Mar 2019
University of Calicut
CGPA : 3.45

Projects

Product Management System

- Built a fully functional CRUD application using React.js and Context API for state management.
- Implemented advanced search and filter functionality to enhance user experience.
- Designed a modular structure to ensure scalability and maintainability.
